

EVERYTHING EXCEPT A TOURIST EXPERIENCE!

Three days of amazing sea kayaking in Croatia for everybody!

The south side of the Island of Brač is one of the most beautiful areas to explore by sea kayak. While paddling along the coast, we can stop at one of the many hidden, uninhabited, gravel beaches and swim in turquoise clear sea that gives us a feeling of bliss!

On this route you will see and hear things which make Brač world famous, such as tradition of stone-mason's trade, which was involved in the construction of some famous buildings, even White House in Washington DC. You will hike and visit the impressive Blaca Monastery, and swim at one of the world's top beaches - Zlatni rat (Golden Cape), a very impressive and unique geological phenomenon.

Of course, you'll see how we prepare the meals and taste them – everybody loves our tomato:)

At the end of the day, you'll happily fall asleep under the starry sky, with the sound of waves and sirens...

Come and enjoy with us this adventure and witness why Croatia is so beautiful for the holidays!
