

EVERYTHING EXCEPT A TOURIST EXPERIENCE!

Around Trogir at night – a romantic way to see Trogir

This tour will give you a different view of the beautiful UNESCO's town of Trogir and its surroundings. The tour is designed for beginners. It is easy paddling and you are never far a way from land. The whole trip we paddle along the coast in a sheltered narrow channel, between Čiovo island and the mainland, so we can always take a break for resting and swimming. Especially at night the tour is a wonderful, romantic experience in the hands of confident guides who will tell you all about the history, nature and wildlife of Trogir, Čiovo and the Pantana nature reserve. And who resides on which mega yacht. We'll start on Pantana beach and head for the town, circumnavigating it, under its bridges, along the harbour, the old walls, the fortress of Kamarlengo and the marina. Then to the little islet near Pantana where you can take a swim and have a break After that we'll paddle to Pantana lagoon and the marsh - home to king fishers and many rare birds. At the end of the marsh we'll visit an old mill build by the old Greeks 4th century BC extended in the 15th century under Venetian rule. Back to Pantana beach at the break of darkness.
