Neretva and Cetina - two days multiactivity arrangements

We leave Split the **first day** in our vans. After 2- 2,5 hours we reach the **Vid village** on the small Norin river, the Neretva's tributary. In ancient times the great sea port of **Narona** used to be in that area, still now the area is full of ancient Roman remnants. We will see a lot of those remnants in the archaeological collection. After that, we begin our sailing down the Norin in the **traditional local boats**, through narrow channels to a beautiful holiday resort in the heart of the marsh, where traditional local lunch - eel and frog stew - waits for us. During the lunch and the short rest local musicians will play and sing traditional songs for us. After that we continue sail through the marsh to our transport, which drive us to the cozy, sweet local inn by the Cetina river for a dinner and overnight.

Next day after breakfast we drive to a horse farm near the river to **ride the horses** in the beautiful green scenery between the field and the river. Then we return to our inn for lunch and recreation with football and/or traditional local bowling. After lunch we go to the river and paddle canoes some 13 kilometers down the river, where our transport wait for us.

Price: 160 €

Included: transfers, breakfast, two lunches, dinner, sailing with traditional boat, paddling, horse riding, traditional bowling, soccer, fees, expert guides, all equipment, insurance

Not included: drinks

What to bring: casual clothes and shoes
